Duration of your sponsorship

Compulsory education consists of 6 years of primary school and 3 years lower secondary (middle school). Pupils may continue on to upper secondary (high school) for a further 3 years, and even university, for academic or vocational studies.

You may decide to support your child for the whole length of their studies. If (s)he drops out, we will suggest another child and you may decide to continue your support on this basis.

You also have the opportunity of supporting secondary school and university students by contributing to the "Fund for secondary school and university students".

Contacting your child

At the end of each school year you will receive **your child's report card**, issued by the school and sent to you by Couleurs de Chine.

You may write to your child in **English or in Chinese**. Please give your name and address and your child's reference n°.

Postal address of our office in Danian:

Postcode 545316 - Guangxi Province - Rongshui County
Danian Township - CDC Danian Office - Chine

Or in Chinese:

邮政编码545316
广西融水县大年乡中国色彩协会办公室
中国 CHINE

Please keep down the weight of your letters by restricting the **n° of photos to a maximum of two**.

You may also send an email in English or in Chinese to:

courrier-fileules@couleursdechine.org
Please specify the subject of the mail as shown:
TOM, to <your child's reference n°>
(<his/her family name and first name>) from <your name>

Please do not send more than half a page as all texts have to be translated. Due to the translator's workload, the best time to write to your sponsored child is from January to February, a few weeks before the Chinese New Year. The worst is from August to October.

Mail delivery is slow because travel conditions are difficult and some villages are quite remote. **It is possible to make individual gifts**, in cash or as gift parcels. The parcels are prepared locally by our staff and contain school supplies, toiletries and games adapted to the age of the child. We cannot accept or deliver parcels sent directly by sponsors. Any gift of cash should not exceed 60 € for the youngest children, 120 € for secondary school and university students, in order to respect the general level of income in the region. Any sums exceeding these amounts will be credited to the fund dedicated to the support of families with financial difficulties.

The children or their families will send a thank you letter. Please be patient if you think it is taking a long time. In addition to the logistical problems already mentioned many families are illiterate or the children may be too young to know how to write.
